## July 4th Breakout Schedule

|             | CLASS                                       | DESCRIPTION                                                                                                                                                                                                                                                                                                                                                                                                                                      |
|-------------|---------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 9:40-10:40  | Director's Cut<br>— Scott Myrick —          | When you're dancing on camera, it's not just about hitting the choreography—it's about delivering a performance that lands. In this class, Scott Myrick pulls back the curtain on what it takes to look polished and powerful on set. Learn how to move with the lens, adjust for framing, and command presence in every take. Whether it's for film, music video, or a tour visual, this class helps you bring star-level energy to the screen. |
| 11:10-12:10 | Battle Rock: Nationals<br>— Gev Manoukian — | Level up. Lock in. Lead your crew. In this exclusive Nationals session, Gev takes everything you learned at Regionals and turns up the volume—diving deeper into battle strategy, crew dynamics, and next-level freestyle skills. Learn how to make your moments matter, play to your team's strengths, and command the floor with intention.                                                                                                    |

## BREAK OUT BREAK THROUGH

Breakout Classes are built to fuel your momentum — helping you break past limits and level up your dancing.

### HOW DOES THE BREAKOUT BALLROOM WORK?

The Breakout Ballroom is open to teen and senior dancers — with the exception of Get in Formation. These classes are for students ready to take on advanced styles and concepts. Each studio will receive a set number of Breakout Class Cards per workshop.

A Breakout Class Card is required for entry. For more details, please visit the registration booth.

# July 5th Breakout Schedule

|             | CLASS                                   | DESCRIPTION                                                                                                                                                                                                                                                                                                                                                                                                                                                      |
|-------------|-----------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 7:30-8:30   | Unscripted<br>— Kim Wolfe —             | Strengthening your improv sharpens instinct, deepens artistry, and transforms how you move, perform, and connect. In this class, dancers will explore dynamic improvisation that expands creative vocabulary and emotional range. With a focus on authenticity, texture, and connection, this space invites dancers to move beyond the expected and uncover their unique artistic voice.                                                                         |
| 8:35-9:35   | Senior Jazz Fusion<br>— Vickie Roan —   | * Please Note: The Jazz Fusion Class following the Senior Auditions is open to all Senior Aged Dancers. While this workshop is not a Breakout Class, we are excited to offer a "seniors only" experience for dancers ages 16 & Up. For this class, a Breakout Card will not be required.                                                                                                                                                                         |
| 11:40-12:40 | Floorwork Foundations<br>— Aika Doone — | Floorwork is a vital component of every dancer's toolkit, as it is often incorporated into many current choreographers' movement vocabularies. Through various progressive exercises, this class will break down key techniques to engage with the floor safely and dynamically. Dancers will gain a heightened understanding of fluidity and momentum, while learning a few new creative floor transitions along the way. Long pants and socks are recommended! |

# July 6th Breakout Schedule

|             | CLASS                                                                  | DESCRIPTION                                                                                                                                                                                                                                                                                                                                                                                    |
|-------------|------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 9:20-10:20  | <b>Beyond the Basics</b><br>— Nick Bowman —                            | Own the stage and deliver your steps with clarity, power, and purpose. This class focuses on advanced vocabulary, rhythmic precision and weight transfer strategies—elements that build the kind of confidence that drives a stage presence defined by technical excellence. Lace them up and get ready to meet the challenge.                                                                 |
| 11:55-12:55 | <b>Get In Formation</b><br>— Tiffany Billings —<br>(Jr. Aged Workshop) | Step into the spotlight with former Radio City Rockette Tiffany Billings! In this high-energy class designed just for juniors, dancers will explore the exciting world of precision dance. From straight lines to sharp formations, you'll dive into the foundations of ensemble work and signature Rockette-style technique. Get ready for toe taps, team work, and of course—eye high kicks! |

## BREAK OUT BREAK THROUGH

Breakout Classes are built to fuel your momentum — helping you break past limits and level up your dancing.

### HOW DOES THE BREAKOUT BALLROOM WORK?

The Breakout Ballroom is open to teen and senior dancers — with the exception of Get in Formation. These classes are for students ready to take on advanced styles and concepts. Each studio will receive a set number of Breakout Class Cards per workshop.

A Breakout Class Card is required for entry. For more details, please visit the registration booth.
